A Fine Art University Teacher specialising in contemporary drawing. My love of both teaching drawing and maintaining my own drawing practice is informed through a BA (Hons) in Fine Art, a MA in Studio Practice and a PhD focussing on the expanded field of drawing.

I exhibit both internationally and nationally. I was awarded a fully funded PhD by Loughborough University which I completed in 2023. Other awards: Loughborough University teaching award (2021), Government funded residency (Romania 2019), Post Graduate Academic Award (2014), Honorary Membership of The Printmakers Council (2014).

I recently moved to Halam from Leicestershire, and I draw every day.
