C FW (Small lift in the shop for disabled access)

An opportunity to see members work and talk to them – **Rufford Art Society was created in the 1980s** to provide community access to art & craft. **Members meet** at The Community Room at Rufford Country Park twice monthly. A **news-sheet** outlines the options for each ‘term’, from which members can choose to attend. At each meeting an artist (who could be a member) helps others to **develop or practice a wide range of skills** including print, textiles, glass, painting, paper clay, life drawing, bookmaking etc. There are exhibitions of members work, traditionally biannual.

There is a Coach House for **refreshments**, also a pizza van and an ice cream parlour. A plant nursery and sculpture garden are on site. The **Country Park** itself has large grounds for walking, a lake with wildfowl and a historic abbey.
