R FW (Tea & Cake. I have a dedicated room where I weave and can demonstrate, and a large sitting room which is perfect as a gallery space. Downstairs toilet)

Having been involved in Adult Education for many years, I now have time for my own weaving. I work from home in the 'dining room', with several looms to weave pictures, bags and 3D items in my own unique, colourful style. I incorporate a lot of 'rubbish', e.g. plastic packaging, old cables and old jewellery etc. I'm an active member of the Notts Guild of Weavers, Spinners and Dyers, and the Living Threads Group. I also run courses and give talks about my work.
